NAME: _____

STEAM PLANNING

EVENT:

DATE:

TIME:

PICK YOUR SETUP

How many projects are needed?

Passport/Station Rotations

Whole Group STEAM

FACILITATORS

How many facilitators are needed?

Who will be facilitating the event?

MARKETING

How will participants know about the event?

LOCATION

Where will this event take place?
Classrooms? Gym?

CHALLENGE CREATIONS

How many of each project?

Take Home Projects

Tear Down Project

Community Build

OTHER ACTIVITIES

Will there be.....

- special guests
- food provided
- other

GOALS

ENGINEERING CHALLENGE

PROJECT:

THEME
OR LINK

What is the project
connected to?

ESTIMATED
TIME

How long will each
participant spend on this
project?

ENGINEERING
TYPE OF BUILD

Take Home Project
Tear Down Project
Community Build

STEAM
GROUPING

How will participants
complete the challenge?

Team

Individually

FOCUSED LANGUAGE
& RESOURCES

What language resources should be provided to emphasize
language acquisition and practice?
Is the language connected to a 4C?

ENGINEERING CHALLENGE

PROBLEM

Engineering challenge

Turn the challenge into a problem
What is the problem?

CRITERIA FOR SUCCESS

What the participants
MUST do:

CONSTRAINTS STEAM RULES

Rules to Follow
Recommend 3-5

TESTING

How will participants test
their creations to ensure
they meet the criteria for
success and followed
the constraints?

NEEDED MATERIALS

What materials will participants need?
What materials can they take with them?
Which materials stay at the location?

RESOURCES

What resources should be provided to help
participants be successful?
Inspirational pictures can be provided; make sure
resources are diverse and don't encourage recreation.

ADD ANY EVENT TIPS & TRICKS

Add any engineering tips & tricks when planning this event:

- organizing materials
- creation examples
- other
